

Veggie Garden!

Colac West Primary School pupils help out in the school garden each week. From pulling out weeds, planting new seeds and collecting compost to put on the garden to help the plants grow.

We grow the fruit and veggies so we can cook with them and hold a special morning or two for the parents and friends to enjoy.

One week the class 5/6 had a pumpkin party and made pumpkin soup, scones and pumpkin muffins.

For the past few weeks the 5/6 class have been making things from pizzas to rhubarb and apple crumble, pasta bake to pancakes with apple and berry sauce.
